Community Service Project in Qing Yuan

We visited two Primary School (香港城北扶輪社新魚坑小學 and 香港城北扶輪社石馬小學) in Qing Yuan which we are supporting over the years. We organized our rotaractors from Rotaract Club of Hong Kong City North to teach 8 classes of primary 5 and primary 6 students. Members of the Interact Club of Heung To Middle School act as assistants and they are planning the 'revisit' service in 2016 (we just visited the school again on 16-17 April 2016). The students knows more about Hong Kong by web surfing to the official site of the HKSAR.

1 Dec 2015

Community Service Lunch for the Elderly (長青共聚添暖意聚餐)

It is our club's annual activity and was organised with our non-government partner. Elderly are coming from different districts from Hong Kong. Our club members prepared a dancing and singing performance and gift packs of healthy food. The seniors gave us a performance in return. Our club donated about 30,000 for the lunch.
