### Clear Water Bay Golf & Country Club for Elderly

On 14 April 2016, our club co-organized a visit to the CWBGCC with the Neighbourhood Advice-Action Council (NAAC). A total of 120 seniors participated in the visit. Their age ranging from 70 to 90+, all diagnosed with mild cognitive impairment. They were invited to spend a day in the CWBGCC. They were selected among the low income families in KwunTong and Tung Chung. It is a joint venture with the Country Club. Our Club is responsible for the transport and health care gift packs for the participants. The Country Club provided a free, served Chinese cuisine to the elderly. The total number of participants including helpers, social workers and care-takers is more than 200.
